## SPEAKERS

Steve Dombrowski, Associate, Senior Consultant | Steve is a licensed architect and accessibility consultant with over 10 years of experience in multifamily residential design, construction, and compliance. He has worked on hundreds of projects across most of the United States.

Angela Wallis, Senior Planning & Development Specialist | Angela is passionate about recycling, composting, and waste prevention program design, implementation, outreach, and evaluation. Angela joined SPU Solid Waste 5 years ago and manages the Development Review team, ensuring new residential, commercial, and industrial buildings in Seattle comply with Solid Waste and Land Use code to provide safe storage and access for recycling, compost, and garbage services. Angela is committed to antiracism and justice. She participates in SPU's Anti-racist White Caucus (ARWC) and continues to learn how to show up as a co-conspirator with and ally to colleagues of color to end racism at work and in our community. Angela's first and favorite job is being mother to Elsa, 8.5 and Gwen, 6, and she loves to volunteer in their classrooms and join field trips.
