Why Sponsor

■ For our firm, the festival is a chance to connect across our Portland and Seattle office. We gather to explore the yearly theme — always provocative and relevant — with big conversations about how design shapes our city. Turning our conversations outward, the **festival offers an opportunity to create something unique with our community** that is unconstrained by traditional project limitations.

It's a chance for professionals in the early stage of their career to stretch their **design imagination and build leadership skills** as they learn how to manage a small project. We see the Seattle Design Festival as a **catalyst for joyful change.**"

Is my sponsorship tax-deductible?

Yes. SDF is a nonprofit 501(c)3 and, as such, sponsorships are considered a charitable contribution. EIN: 27-4569299. Consult your tax advisor.

How can I make the most of my sponsorship?

All SDF Sponsors are encouraged to propose a program for the Festival! Showcase your team's creativity and demonstrate the relevance of your organization's work to a large public audience. As a benefit of sponsorship, your submission fee will be waived! (\$100-\$500 value).

Can I propose a project/installation without committing to a sponsorship?

Yes! For-profit businesses will be required to pay a proposal fee, but participation is not contingent on paid sponsorship. We will be in touch in early April to share the 2025 Call For Proposals.

I have products to market. Does the Festival include booths or a trade show?

No. While Sponsors are eligible to propose a unique Festival installation, program or event, product marketing is discouraged. Participation in the Festival is driven by the goals that align with our mission: 1) highlight the value of your creative process; 2) provide an opportunity for community members to participate in design processes and for the public to influence design outcomes; 3) address or support work around urgent community problems; 4) inspire action and engage others; 5) showcase and celebrate design and our greater design community.
